Description of Problem

Please include a detailed description of the issues, as well as a description of and a copy of any professional studies, citations or reports from government entities, recommended solutions, and any cost information or estimates. If additional space is needed, please attach.

The existing direct digital control system located in the newest addition (southeast area) does not have the latest upgrades to the mechanical software. This needs to be replaced (Currently JCI Johnson Controls) with Delta Controls. The air handler system by the main lobby entrance needs to be replaced, it is insufficient. There needs to be eight heat pumps and boiler added to the existing Delta Control system.
